Dear Empowered Business Champion,

I am excited to invite you to join us as an Empowered Business Champion at Transforming Lives Academy (TLA). As a champion of change and empowerment in your business community, your leadership is the perfect match for our mission of transforming lives and nurturing future leaders.

Since 2011, TLA has been committed to providing access to education, mentorship, and empowerment services for individuals and families in Bolingbrook, IL, and surrounding areas. With programs like Girls Connect, I Can Tutoring, and Women Empowerment, we are changing lives and setting a foundation for a brighter future.

As an Empowered Business Champion, you will be at the forefront of this movement. Your financial support of \$2500-\$10,000 each year will enable us to reach even more women, youth, and professionals through our mentoring, coaching, and upcoming Workforce Readiness initiatives. In return, we would love to recognize your business's contributions as a leader in corporate responsibility and community service. We would recognize you on our website and at our annual event as one of our Empowered Business Champion.

Together, we can make a lasting difference in the lives of those who need it most. Please consider joining us in this vital work as a champion of education, empowerment, and opportunity. Thank you for your commitment to our community, and I look forward to connecting with you soon.

With gratitude,

Torya Coates
Marketing and Philanthropy Director
